

# SICCARIO FPV DRONES

## Our Quickest & Most Versatile Cinema FPV Drone

RVRD has you covered on drones. Not only do we have large cinema FPV drones, we also have smaller FPV drones to fit in tighter spaces (full list at [www.rvrd.com/gear](http://www.rvrd.com/gear)).

Our smallest cinema camera style drone, the Siccario, is designed and tuned around the RED Komodo to be the quickest, smallest, most versatile FPV drone carrying the latest in compact S35 or full-frame bodies and interchangeable lens combinations. It also has a propeller guard options for safety when flying close to subjects.
