

# U-CRANE TELESCOPIC

## Telescoping Reach From 13' - 20'

The Filmotechnic U-CRANE Telescopic offers adjustable reach from 13ft-20ft! It's capable of lifting large camera packages and VFX arrays weighing up to 110lbs with various Flight Heads. It's secured to our 625hp BMW X5M camera car that provides comfort, performance, precision and speed, making this the ultimate arm for pursuit and chase filming. The U-CRANE BMW is based in Vancouver, BC.
