

U-CRANE 6 BAJA TUNDRA

Built For The Elements

Our U-CRANE 6 Toyota Tundra camera truck is built to take punishment. It's outfitted with a Filmotechnic U-Crane 6 with either a 14ft or 20ft reach, Total Chaos Long Travel and King suspension for unmatched Baja Trophy Truck performance. Ideal for filming both on road and off-road pursuit shots that require high precision in less than perfect conditions. Pairs with the Filmotechnic Flight Head 7.
