

U-CRANE TELESCOPIC

Telescoping Reach From 13' - 20'

The Filmotechnic U-CRANE Telescopic offers adjustable reach from 13ft-20ft! It's capable of lifting large camera packages and VFX arrays weighing up to 110lbs with various Flight Heads. It's secured to our BMW X5 M arm car that provides comfort, performance, precision and speed, making this the ultimate arm for pursuit and chase filming. The U-CRANE BMW is based in Vancouver, BC.
